Facility Membership

Colorado Ambulatory Surgery Center Association (CASCA) works 24/7/365 to ensure ASCs and your staff can focus your time, energy and resources on delivering high quality, lower cost care to Coloradans in need. CASCA tirelessly promotes and protects ASCs' interests with the State Legislature, Governor's Office, Colorado Department of Health and Environment, local Legislators and other regulatory bodies.

CASCA is led by a talented group of Administrators representing a diverse range of populations and surgical practices, who come together to set priorities for our association that reflect our industry's needs. CASCA's staff and strategic partners bring unique skillsets and expertise to serve our community.
